

4054 Litre Septic Tank Specifications

The 4054-litre Island Septic Tank offers increased capacity for larger households or multiple-dwelling applications in areas without access to municipal sewer infrastructure.

Ideal for use in residential developments, rural properties, or toilet blocks, it is engineered for durability, simple handling, and compliance with AS1546.1:2008. This model is generally suited to households with 1–7 occupants and is designed to meet the needs of installers and planners seeking a robust, locally made wastewater solution.

*Always consult your local council to ensure compliance with relevant regulations.
